## alien bloc registration form

For unsupervised  
bouldering at alien  
bloc, 23 Dunedin street,  
Edinburgh

## Conditions of use of alien bloc

### Risks

“The British Mountaineering Council recognises that climbing and mountaineering are activities with a danger of personal injury or death. Participants in these activities should be aware of and accept these risks and be responsible for their own actions and involvement.”

Although the climbing centre is an artificial environment the risks involved are no less serious than when climbing outside on a crag or mountain. There is an additional risk that bolt-on holds can spin or break.

The soft flooring under the bouldering walls is designed to provide a more comfortable landing for climbers falling or jumping from the bouldering walls. **THE SOFT FLOORING DOES NOT GUARANTEE TO MAKE THE LANDING ANY SAFER AFTER FALLING OR JUMPING OFF.** Broken and sprained limbs are common on this type of climbing wall despite the soft landing. Uncontrolled falls are likely to result in injuries to yourself or others.

Climbing beyond your capabilities on any wall is likely to result in a fall. Any fall may result in an injury despite the safety systems in place to avoid it. You must make your own assessment of the risks whenever you climb.

## **Our Duty of Care -**

The rules of the climbing centres set out below are not intended to limit your enjoyment of the facilities. They are part of the duty of care that we, as operators, owe to you, the customer, by law. As such they are not negotiable and if you are not prepared to abide by them then the staff must politely ask you to leave.

## **Your Duty of Care -**

You also have a duty of care to act responsibly towards the other users of the centre. Statements of 'Good Practice' are posted around the centre adjacent to the relevant facilities. These describe the accepted methods of use and how customers would normally be expected to behave towards each other.

## **Unsupervised Climbing -**

Before you climb without supervision the centre expects you to be able to describe the dangers involved with indoor climbing and accept the risks involved.

You are required to register to say that you are prepared to abide by the Rules below and that you understand the risks involved in your participation. Anyone who has not registered is classed as a novice and must not climb without supervision.

Unsupervised climbing is just that! Staff will provide whatever help and advice they can, but instruction in the climbing techniques will only be provided where it has been booked and paid for in advance. If you are not confident in the use of any facility or technique then do not attempt to use it without the supervision of someone who is competent to do so.

## **Supervised Climbing -**

An adult who has registered at the centre may supervise up to two novice climbers if they are prepared to take full responsibility for the safety of those people. Groups of three or more novices must only be supervised by an instructor holding the relevant MLTB / SMLTB qualification.

## **Children**

All children over 14 must be supervised by an adult unless they have been assessed by the management and registered for unsupervised climbing.

Children under 14 must be supervised by a parent or Guardian at all times.
