8 pier place, Edinburgh**

**and unsupervised
bouldering at alien
bloc, 23 Dunedin street,
Edinburgh**

Please note only complete this registration form if you are competent in the use of ropes and belaying equipment whilst climbing.

Conditions of use of alien rock/alien bloc

Risks -

“The British Mountaineering Council recognises that climbing and mountaineering are activities with a danger of personal injury or death. Participants in these activities should be aware of and accept these risks and be responsible for their own actions and involvement.”

Although the climbing centres are an artificial environment the risks involved are no less serious than when climbing outside on a crag or mountain. There is an additional risk that bolt-on holds can spin or break.

The soft flooring under bouldering walls is designed to provide a more comfortable landing for climbers falling or jumping from the bouldering walls. **THE SOFT FLOORING DOES NOT GUARANTEE TO MAKE THE LANDING ANY SAFER AFTER FALLING OR JUMPING OFF.** Broken and sprained limbs are common on this type of climbing wall despite the soft landing. Uncontrolled falls are likely to result in injuries to yourself or others.

Climbing beyond your capabilities on any wall is likely to result in a fall. Any fall may result in an injury despite the safety systems in place to avoid it. You must make your own assessment of the risks whenever you climb.

Our Duty of Care -

The rules of the climbing centres set out below are not intended to limit your enjoyment of the facilities. They are part of the duty of care that we, as operators, owe to you, the customer, by law. As such they are not negotiable and if you are not prepared to abide by them then the staff must politely ask you to leave.

Your Duty of Care -

You also have a duty of care to act responsibly towards the other users of the centre. Statements of 'Good Practice' are posted around the centres adjacent to the relevant facilities. These describe the accepted methods of use and how customers would normally be expected to behave towards each other.

Unsupervised Climbing -

Before you climb without supervision the centre expects you to be able to describe the dangers involved with indoor climbing and accept the risks involved.

You are required to register to say that you are prepared to abide by the Rules below and that you understand the risks involved in your participation. Anyone who has not registered is classed as a novice and must not climb without supervision.

Unsupervised climbing is just that! Staff will provide whatever help and advice they can, but instruction in the climbing techniques will only be provided where it has been booked and paid for in advance. If you are not confident in the use of any facility or technique then do not attempt to use it without the supervision of someone who is competent to do so.

Supervised Climbing -

An adult who has registered at the centre may supervise up to two novice climbers if they are prepared to take full responsibility for the safety of

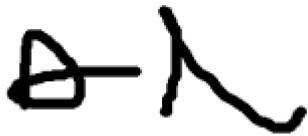

those people. Groups of three or more novices must only be supervised by an instructor holding the relevant MLTB / SMLTB qualification.

Children

All children over 14 must be supervised by an adult unless they have been assessed by the management and registered for unsupervised climbing.

Children under 14 must be supervised by a parent or Guardian at all times.

I Have read and understood the Conditions of Use at alien rock/alien bloc

Handwritten initials 'AH' in a box.

Initial

RULES & REGULATIONS

General Safety

- Report to reception on each visit before you climb.
- You must exercise care, common sense and self-preservation always.
- Be aware that holds can and do spin or break.
- Report any problems with the walls, equipment or other climbers' behaviour or bad practice to a member of staff immediately.
- Be aware of the other climbers around and above you and how your actions will affect them.
- Do not distract people while they are climbing or belaying. Stand well back from the climbing walls unless you are belaying or spotting a climber. Never stand, walk or climb directly under a climber.

Bouldering

- Always climb within your capabilities and descend by down climbing.
- Never climb directly above or below another climber.
- Don't sit or stand under the wall when people are bouldering.
- Problems finish on the last obvious hold. DO NOT grab or touch the top of the wall, or any girders, metalwork or lights.
- Don't boulder with hardware hanging on your clothes or chalk bag.
- Keep the mat free of objects and obstructions like bags, clothing, chalk bags, brushes, shoes etc. No food or drink on the mats.

- **THE SOFT FLOORING DOES NOT GUARANTEE TO MAKE THE LANDING ANY SAFER AFTER FALLING OR JUMPING OFF.** •

Top Roping

Many of the climbs in the centre have top ropes already in place. Do not take them down to use on other routes.

Leading

When using the lead walls you must supply your own appropriately rated dynamic rope. Do not use the centre's top ropes for lead climbing. Running belay attachments (runners) are already provided at intervals on the lead walls so you do not need your own 'quick draws'. All runners on your routes line should be clipped, whether lead climbing or top roping.

When Belaying

Always use a belay device attached to your safety harness with a locking karabiner. 'Traditional', or 'body' belaying is not acceptable. The sand bags are provided to give support to people belaying a climber who is much heavier than they are. Always pay attention to what your climbing partner is doing. Always stand as close to the climbing wall as is practical. Sitting or lying down are not acceptable.

When Climbing

Always use a rope to protect yourself on climbs over 2.5metres. Always use a safety harness to attach yourself to the rope. Always tie the rope directly into the harness using a suitable climbing knot. Clipping in with a karabiner is not acceptable. Never climb above the lower offs. Bouldering is permitted at the bottom of the walls at the discretion of staff depending on how busy alien rock is.

All climbers will be asked a question or to demonstrate a skill from the Rules and Conditions at the reception to complete their registration.

I HAVE HAD SUFFICIENT OPPORTUNITY TO READ THIS ENTIRE DOCUMENT. I HAVE READ AND UNDERSTOOD IT, AND I AGREE TO BE BOUND BY ITS TERMS.

I Agree

I certify that to the best of my knowledge, I do not suffer from any condition which might have the effect of making it more

likely that I be involved in an accident which could result in injury to myself or others.

I Agree

Declaration of Fact

I also confirm that that the above information is correct and if any information changes I will notify the centre.

Are you already a member of alien rock? If so what is your membership number?

Your Question Responses:

Q1. - Are you over 18? If you are under 18 please stop filling out this form. You will have to fill out the form in person at alienrock or alien bloc.

Yes

Q2. - Do you understand that failure to exercise due care could result in your injury or death?*

Yes

Q3. - Are you aware that holds can and do spin?*

yes

Q4. - Do you understand that the matting under the walls does not guarantee your safety?*

Yes

If you wish to climb the roped climbs and lead routes at alien rock you must answer questions 5 to 8 honestly as per your duty of care to yourself and others.

If you cannot answer yes to questions 5 to 8 please do not continue with this registration.

Q5. - Can you fit and fasten a climbing harness correctly?*

yes

Q6. - Can you attach a rope to your harness using a suitable climbing knot?*

yes

Q7. - Can you use a recognised belay device?*

yes

Q8. - Do you agree to abide by the Rules of the alien rock and/or alien bloc climbing centres?*

Yes

Q9. - Do you have any questions regarding the application of the Conditions of Use or the Rules? If you answer yes to this please speak to a member of staff on your first visit.

No

Electronic Signature Consent*

By checking here, you are consenting to the use of your electronic signature in lieu of an original signature on paper. You have the right to request that you sign a paper copy instead. By checking here, you are waiving that right. After consent, you may, upon written request to us, obtain a paper copy of an electronic record. No fee will be charged for such copy and no special hardware or software is required to view it. Your agreement to use an electronic signature with us for any documents will continue until such time as you notify us in writing that you no longer wish to use an electronic signature. There is no penalty for withdrawing your consent. You should always make sure that we have a current email address in order to contact you regarding any changes, if necessary.
